

FARE IN DAVENPORT ON SATURDAY

Ready By That Time to
Benefit of Award Made
By Judge House.

Although the signing of the amendment to the injunction allowing the Tri-City Railway company to charge an increased fare in Davenport placed the new rate in immediate effect, its has been necessary for the company to get new tickets printed and enforcement of the new fare has been delayed until all parts of the agreement can be complied with. The company expects to have the tickets ready today and the new rate will be collected for the first time Saturday, beginning at 12:01 midnight.

Cash fares will be collected at the rate of 9 cents for each adult and 5 cents for children between the ages of 7 and 12 years. The tickets will be sold at 3 for 25 cents. These are being distributed at various cigar stores in Davenport and other places of public advantage in order that the patrons of the line can purchase them at the least inconvenience.

Oil association throughout the United States have arranged for memorials today in memory of Colonel Drake who, 60 years ago today, drilled the first oil well in America, near Titusville, Pa.

Dr. W. O. Coffee

TREATS EYE, EAR, NOSE AND THROAT DISEASES—EXAMINATION FREE—TUESDAY, MONDAY AND TUESDAY.

People afflicted with eye diseases, failing sight, weak eyes, granulated lids, wild hairs, inflammation, ulcers, sore eyes, eczema or growths on the eyes, deafness, loss of hearing, headach, ulcers of the ears, the throat of the nose, hand, throat and system, should consult Dr. W. O. Coffee, the oculist and aurist, about his special non-surgical treatment for most of the above diseases. He will agree to straighten any case of cross-eyes at one visit no matter if they are born that way. He removes adenoids in a few minutes without an anesthetic or serious hemorrhage. He says most cases of diseased tonsils can be successfully treated without removal. He says a cold is a constitutional condition and often causes rheumatism, neuritis, stomach troubles, nerve troubles and especially headach and is curable. He especially urges people that are growing deaf in one ear or have head noises just starting in the other to see him and try his treatment and see if it will help them. Many cases of deafness are quickly curable. He is treating many very bad cases. Treats all diseases of the eye, ear, nose and throat. He will make an examination and give you his opinion whether or not he thinks his treatment will help you, free of charge. He has had 37 years' experience in this special, treating thousands upon thousands of cases, using a special treatment developed by himself. This makes it possible for him to succeed in many cases where others of less experience would fail. He treats about 50 patients a day. He is absolutely reliable. He is in his Davenport office every Saturday, Monday and Tuesday from 9 a. m. to 3:30 p. m. For further information phone Davenport 7314. Dr. W. O. Coffee, First National Bank Bldg., Davenport, Iowa.

Kills Pesky Bed Bugs P. D. Q.

Just think, a 35c box of P. D. Q. (Pest Destroyer Quinine) makes a quart enough to kill a million bedbugs, roaches, fleas or mosquitoes and stops future generations by killing the eggs and does not injure the bedding.

Would fire to the bedbugs is what P. D. Q. is like. Bedbugs stand as good chance as a snowball in a justly famed heat resort. P. D. Q. is free in every package of P. D. Q. to enable you to kill them and their eggs nests in the cracks.

Look for the devil's head on every box then you'll have what hospitals have found to be the best insecticide known to science. Special Hospital size, \$2.50, makes five packages of 35c each—either size at price by the Owl Chemical Co., Terre Haute, Ind. Genuine P. D. Q. is never peddled. Sold by Best Drug Store and other leading druggists.

What Should City Plan Include to Benefit Rock Island Most? Send Suggestions to The Argus

Build camping grounds for tourists to be used free of charge.
Build a park and improve the levee at the Seventeenth street landing.

Confirming the need of camping, pared for the trade to come in future years.
The suggestions are:
"Seeing an article in this evening's Argus about a free camping ground for tourists and just having returned from an auto trip out west, where we met with many free tourist camping grounds of which we took advantage, I thought I would confirm the suggestion. At North Platte, Neb., the grounds were part of a public park right in the city. There were stores built in, and hot and cold shower baths, lights, and all possible conveniences, all free. So if they can have all that, why not Rock Island? Do not charge anything. What ever can be done farther west, we ought to be able to do. It would boost Rock Island for all tourists and would be a gain for all travelers must eat."
"It seems that when we people of the tri-cities have such a beautiful river as the Mississippi, we should by all means strive to make the spots nearest it more beautiful, especially at a point where visitors are apt to wander. The ferry boat is a great attraction to all visitors and would be more so if we could only make the levee more attractive by cementing and laying out a little park similar to that of Davenport and possibly a fountain installation."

Camping grounds as are established in cities in west of the country is advocated by Mrs. L. Kramer, 1008 Sixteenth avenue. Mrs. Kramer has just returned from an auto trip through the west, where she had the opportunity to camp in some of the free camping grounds out there. In the North Platte, Neb., grounds, Mrs. Kramer says, there are stores built in, hot and cold shower baths, lights and all other possible conveniences, free of charge.

Beautifulizing and improving of the levee is suggested by Mrs. Gertrude Smith, 839 Twenty-third street. Mrs. Smith's idea is to have a park built on the levee similar to the one on the Davenport side. Aside from being a city attraction, the park would be an asset to the city. Although the river trade on the Mississippi is not as great now as it will be, Mrs. Smith suggests that the landing be cemented and pre-

Louise Glaum the Famous Actress Says Show Me a Homely Girl or Woman and I'll Show You a Neglected Complexion.

MISS LOUISE GLAUM.

With a Soft, Peach-Like Velvety Skin Every Woman Would Be Attractive. Nothing So Good for the Skin as Ordinary Ointment.

New York.—The girl or woman who is passed by without a glance of admiration has only herself to blame. Says Louise Glaum, the beautiful actress now starring in the J. Parker Reed, Jr., Production, "Through following the simple combination given below, it is now possible for every girl and woman to have an attractive, rosy white, beautiful complexion, free from freckles, wrinkles, blackheads, pimples, coarse or large pores, tan, dark skin, sallowness or roughness. A few minutes night and morning is all the time required. Just follow the advice of Louise Glaum and the wonderful effect of this simple combination will please and surprise you. This method may be used without the least fear of harmful results, and will not produce or stimulate a growth of hair. Here is the formula: Go to any grocery store and get 10 cents worth of oatmeal and use this the same as you would a wash cloth. Use in combination regularly. A large number of the leading actresses of this country now use Derrville in preference to all other beautifiers. Many preparations contain bluish-white and other dangerous drugs, which dry out the skin and cause the pores, thus preventing them from doing the work nature intended them to do. Derrville contains nothing of this kind and is prepared under scientific sterilized sanitary conditions by an expert who has had years of experience in manufacturing beauty products. It is stored by results you get more for your money. Louise Glaum is one of the most beautiful actresses when used with Derrville. It brings back to the skin that youthful, peach-like coloring every normal woman craves. Now that short sleeves are in vogue you will want beautiful hands and arms. There is nothing like oatmeal and Derrville for this purpose. A few weeks use of this combination and your friends will comment favorably on your improved appearance. Those who look old are those with a haggard, loose, wrinkled, muddy skin. Miss Louise Glaum follows this method herself and recommends it to her most intimate friends who are just as enthusiastic over it as she is. You can well afford to devote a few minutes each day to the care of your skin and if you do you will soon notice a wonderful improvement in your appearance. Just try it once and note the difference. Its use will make you look 10 years younger."

NOTE.—When asked about Derrville one of our leading actresses said, "It is truly a wonderful beautifier, away ahead of anything we have ever used before. We are authorized by the manufacturer to recommend the money to anyone who is dissatisfied. This guarantee would not be possible unless the product possessed unusual merit." It is sold in this city under a money-back guarantee by all department stores and druggists, including J. A. Schlegel and A. J. Hahn.

had. This would not only add to the attraction of the city, but it would help considerably in that banks which have been unable to make a good landing, would be enabled to do so.

This Is National Fall Gingham Week

As popular for fall as for fall and winter as for summer wear.

The great increase in heating systems, not only in school and public buildings, but in homes even in the remote rural sections, has forced a change in clothing habits, for people are wearing light and medium underwear and clothing through fall and winter months and the amount of woolen clothing worn indoors is decreasing.

In one state, the school authorities, finding it impossible to regulate the heat satisfactorily for wearers of woolen as well as cotton garments, succeeded in putting through a law compelling parents to dress their smaller children in cotton garments for their own good health.

This trend has led to an increasing use of cotton dresses for women, and bloomer dresses and suits for smaller children. The most suitable fabric is gingham, especially in the darker patterns which are so slow to show soil.
